SUMMARY

Frontend Developer / Designer with experience building responsive, user-focused web interfaces using HTML, CSS, JavaScript, and modern UI principles. Skilled in translating UI/UX designs into clean, maintainable frontend implementations, optimizing layout performance, and ensuring consistency across devices. Experienced in working with component-based design thinking, accessibility-aware layouts, and collaborative product teams in fast-paced environments..

EXPERIENCE

PT SRIKANDI MERCH OFFICIAL

Frontend Web Developer (April 2023 – May 2024)

- Developed responsive frontend interfaces for an e-commerce website using HTML, CSS, JavaScript, and WordPress
- Translated UI layouts into functional, user-friendly web pages
- Customized themes and frontend behavior to meet usability and business requirements
- Ensured visual consistency, responsive behavior, and cross-device compatibility
- Collaborated with stakeholders to refine UI structure and user experience
- Optimized page layout and structure for performance and clarity

FRONTEND CONTENT & PLATFORM ASSISTANT (PROJECT-BASED)

HTML, CSS, PHP (Sep 2023 – Feb 2024)

- Assisted in implementing frontend layouts using structured HTML and CSS
- Prepared and formatted user-facing content using predefined UI patterns
- Ensured consistency, readability, and layout accuracy across multiple pages
- Supported iterative UI updates based on feedback and requirements
- Gained experience working within structured, repeatable frontend workflows

DIGITAL CONTENT & WEBSITE SUPPORT

Web Content and Media Creative Team (May 2022 – December 2023)

- Managed and organized digital content including text and visual assets
- Prepared social media and informational content using consistent layouts
- Coordinated content updates based on campaign needs and schedules

Communication & Information Coordinator

- Maintained structured dissemination of information through digital channels
- Supported content planning and execution using repeatable workflows
- Ensured clarity, consistency, and accuracy of published materials

PROJECT

Website Company Profile Kalisentul Village
