AZAM AZRI AHMAD

Yogyakarta, Indonesia

(+62)821-3407-4063 azamazrri@gmail.com linkedin.com/in/azamahmad github.com/azamazri

SUMMARY

Informatics Engineering graduate with experience in structured tasks, documentation, reporting, and data-oriented projects through web development, academic assistance, and cloud-based applications. Comfortable working with organized data, following clear workflows, and maintaining accuracy in repetitive tasks. Interested in process-driven research roles that support real projects for international clients in a remote working environment.

EXPERIENCE

PT SRIKANDI MERCH OFFICIAL – Yogyakarta, Indonesia

- Assisted in API development and data flow between application and cloud database

HiTeman Project | Laskar Ai Capstone Project
AI-based Mental Health Support System

- Contributed to the development of an AI-based mental health support application
- Assisted in organizing structured user input data and application flows
- Worked with predefined system logic and documentation
- Followed structured development and documentation processes within the project

EDUCATION

Bachelor of Informatics Engineering
Ahmad Dahlan University (UAD)

GPA: **3.82**

Study Period: 3 years 10 months

2020 – 2024

Master of Information Technology
Gadjah Mada University (UGM)

2025 – 2026 (Expected)

RELEVANT COURSEWORK & CERTIFICATION

- Junior Network Administrator (JNA) – BNSP
- Google IT Support – Coursera
- Bangkit Academy – Cloud Computing Track
- Google Cloud Skill Boost
- Dicoding (Backend, Cloud, Programming Fundamentals)
- Codepolitan – Fullstack Class
- BuildWithAngga

SKILLS & OTHERS

- Web Programming : HTML, CSS, SQL, PHP, Laravel, JavaScript
- No-Code Tools : WordPress, Webflow, Wix
- Design Tools : Figma, Canva
- Python, Cloud & Backend Fundamentals
- Management Tools : One Drive, Notion, Clickup
- Interest : Comedy, Games, Travelling, Technology, Design, Podcast
