   A) 3–5 years
   B) 1–2 years
   C) 6 months
   D) 2–4 years
   Answer: B
3. **Which of the following is NOT a requirement of a successful thesis?**
   A) Distinct contribution to knowledge
   B) Lack of evidence
   C) Deep understanding in the candidate's field
   D) Communication of research findings
   Answer: B
4. **A thesis examiner will primarily evaluate what?**
   A) The candidate's age
   B) The proposed budget
   C) The research problem
   D) The number of pages
   Answer: C
5. **Which of the following is a weakness in a thesis?**
   A) Clear research problem
   B) Unsupported claims
   C) Logical reasoning
   D) Proper benchmarks
   Answer: B
6. **A good research title should be:**
   A) 5–6 words
   B) Brief, no abbreviations, max 10–12 words
   C) As long as possible
   D) Filled with abbreviations
   Answer: B
7. **In a research title, 'M-R-O' stands for:**
   A) Method-Result-Objective
   B) Method-Research Objective-Object
   C) Model-Ranking-Objective

D) Method-Research Outline
Answer: B

8. **The abstract should be:**
   A) Dependent on the thesis
   B) An independent summary with problem, solution, and implications
   C) A list of references
   D) A copy of the introduction
   Answer: B
9. **Which section discusses general problems and prior works?**
   A) Chapter 1: Introduction
   B) Chapter 4: Results
   C) Chapter 5: Conclusion
   D) Abstract
   Answer: A
10. **What is the last part of a thesis?**
    A) Methods
    B) Literature review
    C) Conclusion
    D) Title
    Answer: C

Part B: Research Novelty and Contribution

11. **A scientific contribution involves:**
    A) Repeating existing methods
    B) Implementing new or improved methods
    C) Plagiarizing others
    D) Avoiding experiments
    Answer: B
12. **Working on an old problem with a new method is called:**
    A) Novelty in method
    B) Novelty in problem
    C) Repetition
    D) Irrelevance
    Answer: A
13. **The Impact Factor (IF) is based on citations over:**
    A) 1 year
    B) 3 months
    C) 2 or 5 years
    D) 10 years
    Answer: C
14. **Who invented the citation index?**
    A) Isaac Newton
    B) Eugene Garfield
    C) Charles Darwin
    D) Albert Einstein
    Answer: B

15. **A journal quartile Q1 means:**
    A) Low rank
    B) Middle rank
    C) Top rank
    D) No rank
    Answer: C
16. **Which platform is a free alternative for journal ranking?**
    A) JCR
    B) Web of Science
    C) Scimago Journal Rank (SJR)
    D) Facebook
    Answer: C
17. **Predatory publishers usually:**
    A) Have high impact factors
    B) Promise fast publication without peer-review
    C) Follow strict review standards
    D) Are listed in Web of Science
    Answer: B
18. **To avoid predatory journals, use:**
    A) Google only
    B) ThinkCheckSubmit.org
    C) Instagram
    D) TikTok
    Answer: B
19. **Novelty comes from combining:**
    A) Literature review + Observation
    B) Watching movies
    C) Copying other theses
    D) Ignoring past works
    Answer: A
20. **A problem should be taken from:**
    A) Outdated papers
    B) Recent research (within 5 years)
    C) Personal opinions
    D) Textbooks
    Answer: B

Part C: Research Paper Reading & Metrics

21. **Citation Index helps to:**
    A) List random articles
    B) Track article citations
    C) Find jokes
    D) Publish books
    Answer: B
22. **Clarivate Analytics is known for:**
    A) eCommerce
    B) Web of Science

C) TikTok
D) Reddit
Answer: B

23. **High standard reading improves:**
A) Speed
B) Output quality
C) Font size
D) Title length
Answer: B
24. **Impact factor alone determines quality:**
A) True
B) False
Answer: B
25. **Which journal quartile is lowest?**
A) Q1
B) Q2
C) Q3
D) Q4
Answer: D
26. **SJR uses data from:**
A) Scopus
B) Google Scholar
C) Facebook
D) Twitter
Answer: A
27. **IF and SJR measure:**
A) Impactful TV shows
B) Article citation frequency
C) Student GPA
D) Researcher's salary
Answer: B
28. **Predatory publishers often:**
A) Have transparent peer-review
B) Invite via spam emails
C) Are always Q1
D) Have official Scopus indexing
Answer: B
29. **A typical research paper's introduction includes:**
A) Problem statement, prior work, implications
B) Table of contents
C) Abstract
D) Selfies
Answer: A
30. **An abstract should:**
A) Include why, how, and implications
B) Only why
C) Skip methods
D) Only key results
Answer: A

Part D: Course & UGM Requirements

31. **This course is compulsory because:**
    A) It grants extra credits
    B) It allows students to propose their research
    C) It replaces thesis
    D) It involves no assignments
    Answer: B
32. **What is required to get a thesis supervisor?**
    A) Verbal request
    B) Completed research proposal
    C) A gift
    D) Watching a tutorial
    Answer: B
33. **Self-description assignment requires:**
    A) Photograph and background
    B) Empty file
    C) Code only
    D) Complaints
    Answer: A
34. **Programming skill is important in:**
    A) Eye movement classification
    B) Cooking
    C) Singing
    D) None of the above
    Answer: A
35. **A good student in Sunu Wibirama's research group should be:**
    A) Passive
    B) Proactive and passionate
    C) Lazy
    D) Late
    Answer: B
36. **Preferred programming languages for the lab include:**
    A) C++, Python
    B) HTML only
    C) PHP
    D) JavaScript
    Answer: A
37. **What should a research problem be?**
    A) Vague
    B) Real and feasible
    C) Based on movies
    D) Based on blogs
    Answer: B
38. **Research should be interesting and:**
    A) Useless
    B) Beneficial
    C) Old-fashioned

D) Incomplete
Answer: B

39. **Minimum feasibility for a Master's thesis is:**
    A) 1 year
    B) 2 years
    C) 5 years
    D) 10 years
    Answer: B
40. **The key requirement for research originality is:**
    A) Newness
    B) Similarity
    C) Assumption
    D) Avoiding recent studies
    Answer: A

Part E: Eye-Tracking & Tech Topics

41. **One of Dr. Sunu's research interests is:**
    A) Deep-sea diving
    B) Eye tracking applications
    C) Furniture making
    D) Cooking
    Answer: B
42. **Smooth Pursuit is a type of:**
    A) Body movement
    B) Eye movement
    C) Voice control
    D) Gesture
    Answer: B
43. **An example of spontaneous gaze-based interaction is:**
    A) Keyboard typing
    B) Object selection using eye movements
    C) Playing chess
    D) Painting
    Answer: B
44. **A major challenge in gaze-based apps is:**
    A) Data processing and classification
    B) Fast typing
    C) Color grading
    D) Singing
    Answer: A
45. **Bayesian Optimization is used to:**
    A) Decorate
    B) Improve AI models
    C) Paint walls
    D) Watch movies
    Answer: B

46. **Hyperparameter optimization improves:**
    A) Deep learning model accuracy
    B) Movie ratings
    C) PDF formatting
    D) None
    Answer: A
47. **Event detection in eye tracking involves:**
    A) Detecting saccades and fixations
    B) Singing
    C) Typing
    D) Talking
    Answer: A
48. **One reason for developing touchless public services is:**
    A) Pandemic safety
    B) Expensive buttons
    C) Lack of space
    D) Fast food
    Answer: A
49. **IEEE SMC Indonesia Chapter is chaired by:**
    A) Sunu Wibirama
    B) Elon Musk
    C) Charles Darwin
    D) Eugene Garfield
    Answer: A
50. **The default UGM course platform is:**
    A) Zoom
    B) eLOK
    C) WhatsApp
    D) Telegram
    Answer: B
